MENTORING REPORT

The mentoring is done as per the performance of students in the entry level Primary Perspective Test. All levels of students are mingled together and form a group of six to seven and academic faculties will be assigned. The faculties who got the respective students will collect their data from the application form and conduct group meeting at regular intervals. Online and offline meeting will be done as per the need by allotted faculty members. Mentoring is most effective during Internship period. At this period the mentors help the prospective student teachers understand their goals and objectives during the internship. They provide guidance on how to make the most of the experience, set meaningful goals, and develop a clear path for growth and learning. A sample mentoring process is given below

Date : 10th November 2022

Circular

We would like to bring to your attention that we had planned to conduct an entry level written perspective test named Primary Perspective Test (PPT) for the academic year 2022-23 on 12th November 2022, Saturday. Inform the B.Ed. first year students and make necessary arrangements. All academic staff members must be present for the above for the smooth conduct of the test.

Your cooperation is highly solicited for the smooth conduct of this Entry level academic exercise.

Yours faithfully

Dr.S.Premkumar

POST PRELIMINARY PERSPECTIVE TEST (PPT) REPORT 2022

Name of the Program: Preliminary Perspective Test (PPT)

Faculty member in charge: Dr. Renjini U., IQAC coordinator

Date : 12th November 2022

Objective: To check the reediness of the student teachers of B.Ed. first year students to under go a professional course in Teacher education.

Outcome: To assess the preparedness of the student teachers of B.Ed. first year students to under go a professional course in Teacher education.

Report of the program

As part of the curriculum and entry level perspective test named Preliminary Perspective Test (PPT) was conducted to check the reediness of the student teachers of B.Ed. first year students to undergo a professional course in Teacher education on 12th November 2022, Saturday. Newly admitted 55 student teachers of 2022-23 batch attended the test. The questions of the written test contains four different sections as General English Comprehension, Teaching and Learning, Logical and Analytical Reasoning and General Awareness.

The test provided and helped the academic staff members to measure and assess the assess the preparedness of the student teachers of B.Ed. first year students to undergo a professional course in Teacher education. After evaluating the entry level perspective test, named Preliminary Perspective Test (PPT) it has been suggested to conduct a Bridge course and Resource Talks by eminent Professors and subject experts in the field of education and their experience sharing are really motivating for the student teachers. It helps them to be in the right path of becoming promising teachers. Their area of improvement is identified and appropriate remedial actions and skill training are imparted timely. The Preliminary Perspective Test (PPT) was conducted with the support of the Principal, academic staff members. non-teaching staffs and student teachers. Thus the Preliminary Perspective Test (PPT) serves as roadmap and a valuable device for the upcoming activities

REPORT OF MENTOR-MENTEE 2021-22

Mentoring programme assists in identifying and meeting the needs of the students. Every student approved for study receives a mentorship from the institution. The mentor-mentee relationship began on the day of the assignment and lasts till the student has completed the course. Even after they leave the campus, the students keep in touch with their mentors. The institution's entire faculty acts as mentors. A group of students is given to each teacher for supervision. To establish a relationship with their mentees, the teachers performing as mentors meet with them for the first moment. They gather information about the mentees and keep a notebook to document their interactions with them. The mentors represent the mentees in the guidance and counselling cell meeting and are knowledgeable of their specific needs. This facilitates the institution in establishing activities and programmes that can meet the identified need.

The mentors and their mentees arrange regular meetings. During the meetings, topics such as their learning progress, involvement in programmes and activities, practicum performance, and other identified are discussed. The mentors create WhatsApp groups to enable simple communication with the mentees. The mentoring programme serves as a source of support for the students as they achieve their academic goals. The institution's mentorship programme offers a way to mentor the students as well as a way to connect with and learn about each one of them. The mentoring relationship provides a source of support for the students as they pursue their academic goals. The institution's mentorship programme gives staff members a way to get to know each student on campus and to mentor them for both academic and personal growth.

BALANCING HOME AND WORK STRESS

STRESS RELIEF ONLINE WORKSHOP JUNE 7, 2020 ONLINE

On June 7, 2020, an **online Stress**

Relief Workshop was conducted by **Dr. Sunanth TS Raj**, organized by the Health Club Wing of PTM College of Education. Given the surge in anxiety and stress levels due to the COVID-19 pandemic, the workshop aimed to provide attendees with effective strategies to manage their mental health during these challenging times.

INTERNATIONAL YOGA DAY 2023 - 21 June 2023

On 21 June 2023, in celebration of International Yoga Day, the Ayush Mission organized a special program aimed at promoting the practice and benefits of yoga at the Central Stadium, Thiruvananthapuram. This year's theme, "Yoga For Vasudhaiva Kutumbakam," emphasized the global harmony and unity that yoga can promote.

The event was inaugurated by the Honourable Health Minister, Veena Mam, and was attended by a diverse group of participants including health professionals, yoga enthusiasts, and community members. The program commenced with an inspiring inaugural address by Honourable Health Minister, Veena Mam, who emphasized the significance of yoga in enhancing physical health, mental well-being, and overall quality of life. Her speech highlighted the universal benefits of yoga in fostering global wellness and also the

integral role of yoga in achieving holistic health and encouraged participants to incorporate yoga into their daily routines. The program not only provided valuable knowledge and practical skills but also fostered a strong sense of community among participants.

AWARE OF RECENT DEVELOPMENTS IN EDUCATION AND LIFE

KOTTUKAL K. DAMODARAN PILLAI
FOUNDER, P.T.M. GROUP OF
INSTITUTIONS

The Indian education system is a blend of tradition and modernization, grappling with challenges while evolving to meet the demands of a rapidly changing world as well as it stands as a combination of diverse learning methodologies, mirroring the country's rich cultural heritage. One of its pillars is the prevalence of a competitive environment, fostering academic rigor. In this context, the rationale behind convening an international summit with the theme **"SKILL- BASED TEACHER EDUCATION AND EYNE ON EDUCATIONAL METHODOLOGIES IN NEP 2020 (STEEM 2024)"** is underscored by the pressing need for concerted, evidence-based, and innovative efforts to address the complex and interrelated teaching-learning challenges confronting our nation as well as in the Global Scenario.

COLLABORATIVE ACTIVITIES

In addition to the above-mentioned activities P.T.M. College of Education in collaboration with P.T.M. Institute of Teacher education, which is also a teacher education institution for the Elementary level student teachers, recognised by NCTE and General Education Department, Government of Kerala run by the same management inside the campus, conducted exhibition for the public and also for the schools where the students are doing their internship. The objectives of this exhibition were to:

- Encouraging creativity and innovation in the facilitating process as school students

will express their creativity through art projects, writing assignments, and problem-solving tasks. This can help them feel more invested in their learning.

- Developing presentation and communication skills among student teachers as the school students also can learn to communicate complex ideas effectively through presentations and interactions.

- Promoting collaboration among the stake holders and familiarise to work together as a team.

- Generating public interest in the scientific abilities of children.

- Supporting innovation and to give help and support in research learning

- Providing a sense of achievement among school students and student teachers and school students with a sense of achievement.
